

Brief Phone Script for Community ID—City of El Paso

For EP City Council—

Hello, I am [Name]. I am calling today to urge City Representative [Name] to ensure that the city explores all possibilities for a Community Identification Card, particularly the prospect of working with El Paso County and other municipalities. This is an issue of vital importance to many here, as IDs can provide tens of thousands with better access to basic services. As a resident, voter, and taxpayer, I think this idea is worthwhile, and a partnership between the City and County would benefit everyone. The City should explore all possibilities for working with other local governments on IDs. Thank you.

District 1—City Representative Peter Svarzbein—Westside
915-212-0001
